

About Me

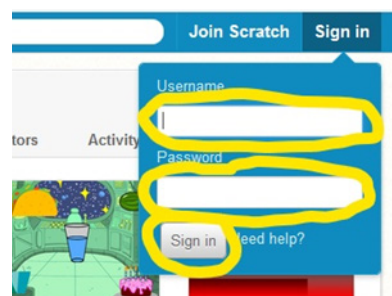

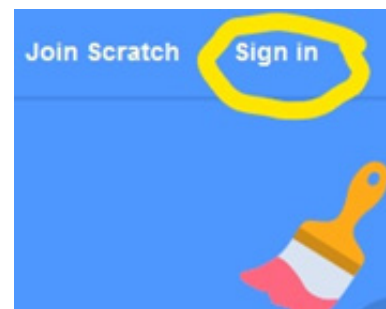

1

Go to the Scratch at <https://scratch.mit.edu/>

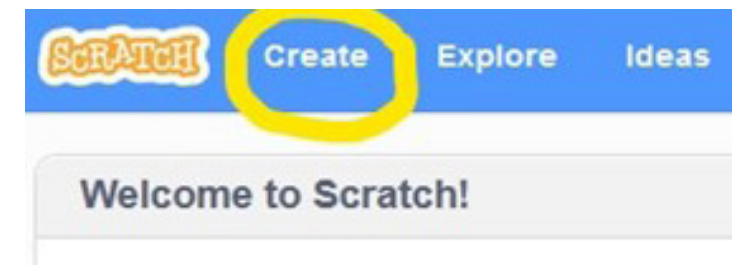

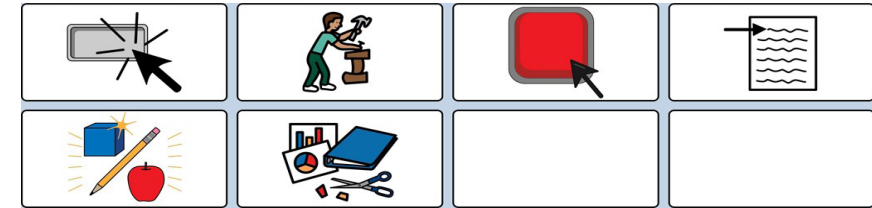

2

Sign into your account.

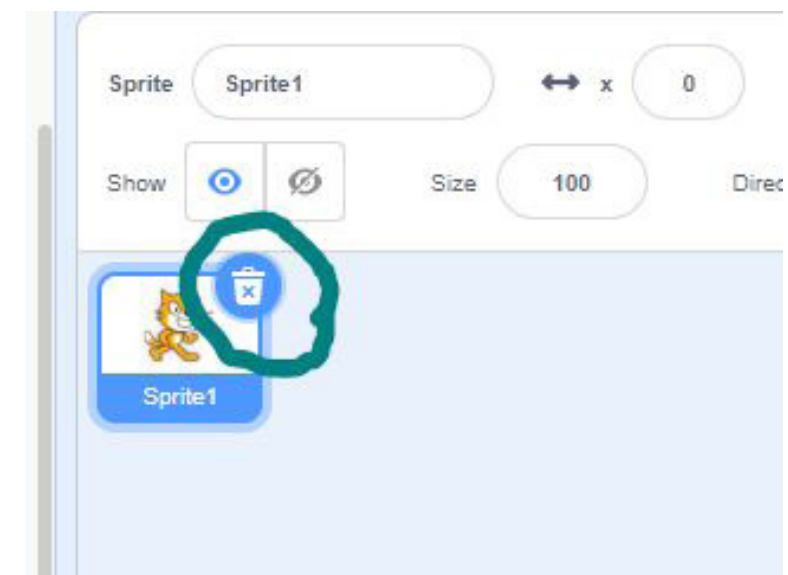

3

Click "create" button to start new project.

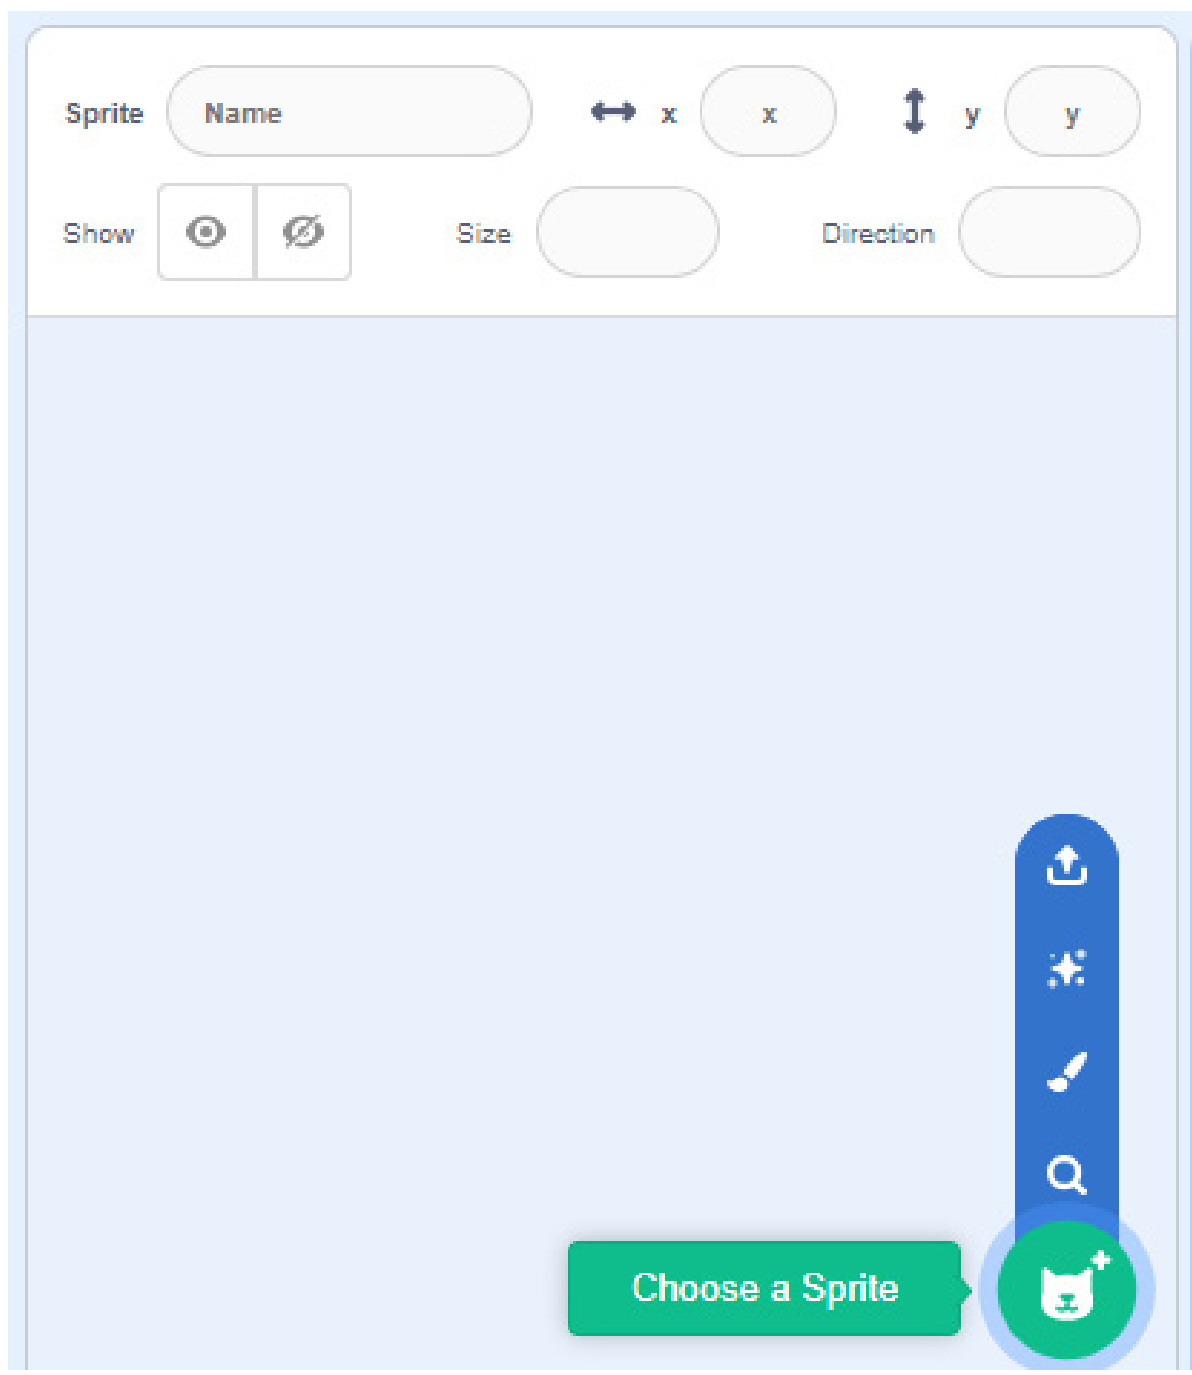

4

Tap on "trash" icon on the top left corner of the "Cat" sprite/character to delete this sprite.

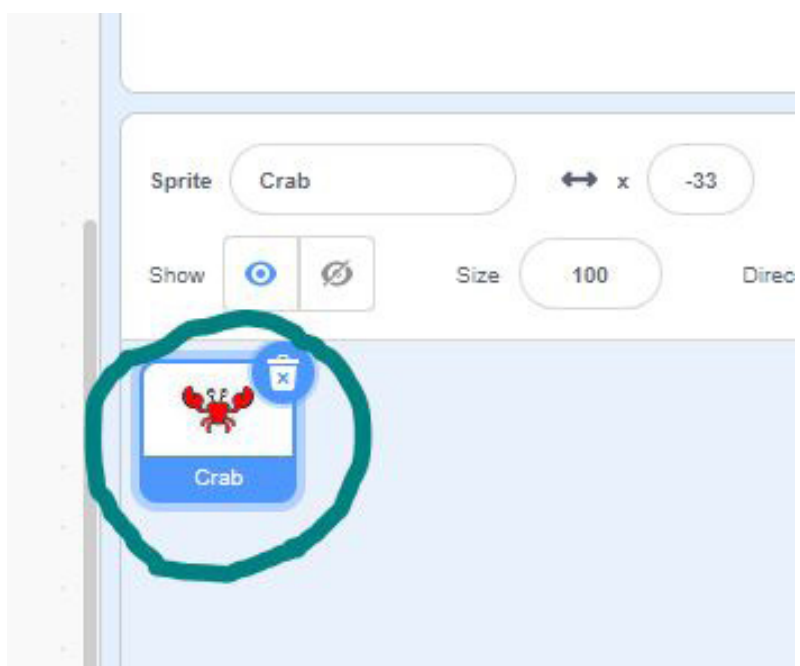

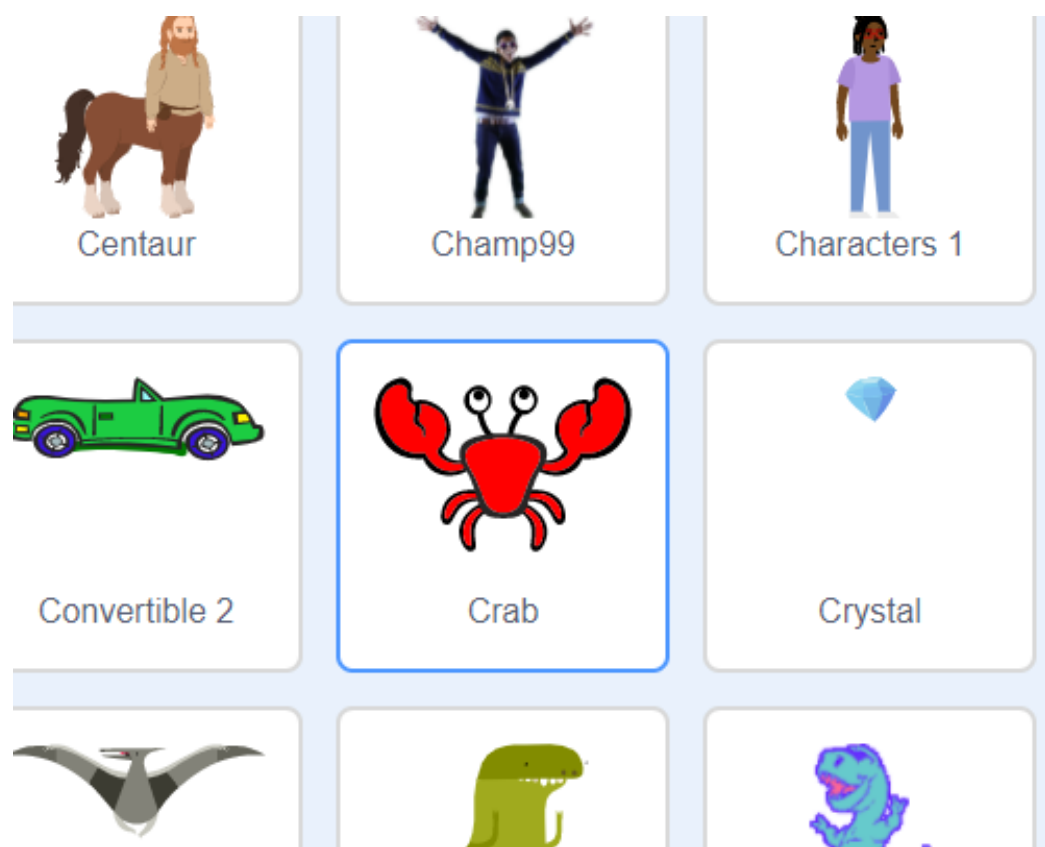

5

Tap on the “cat” icon on the bottom left corner of the Sprite panel to choose a new sprite.

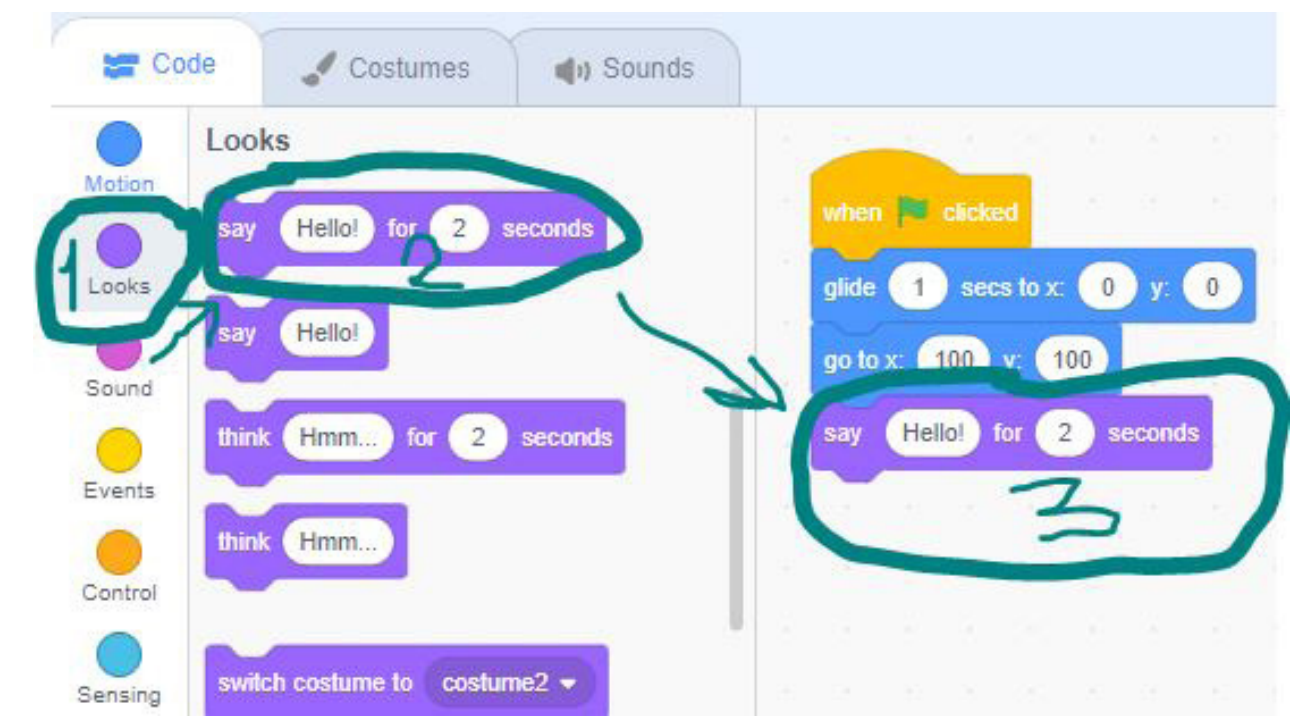

6

From the list of sprites/characters presented, choose the one that you like to have in your project.

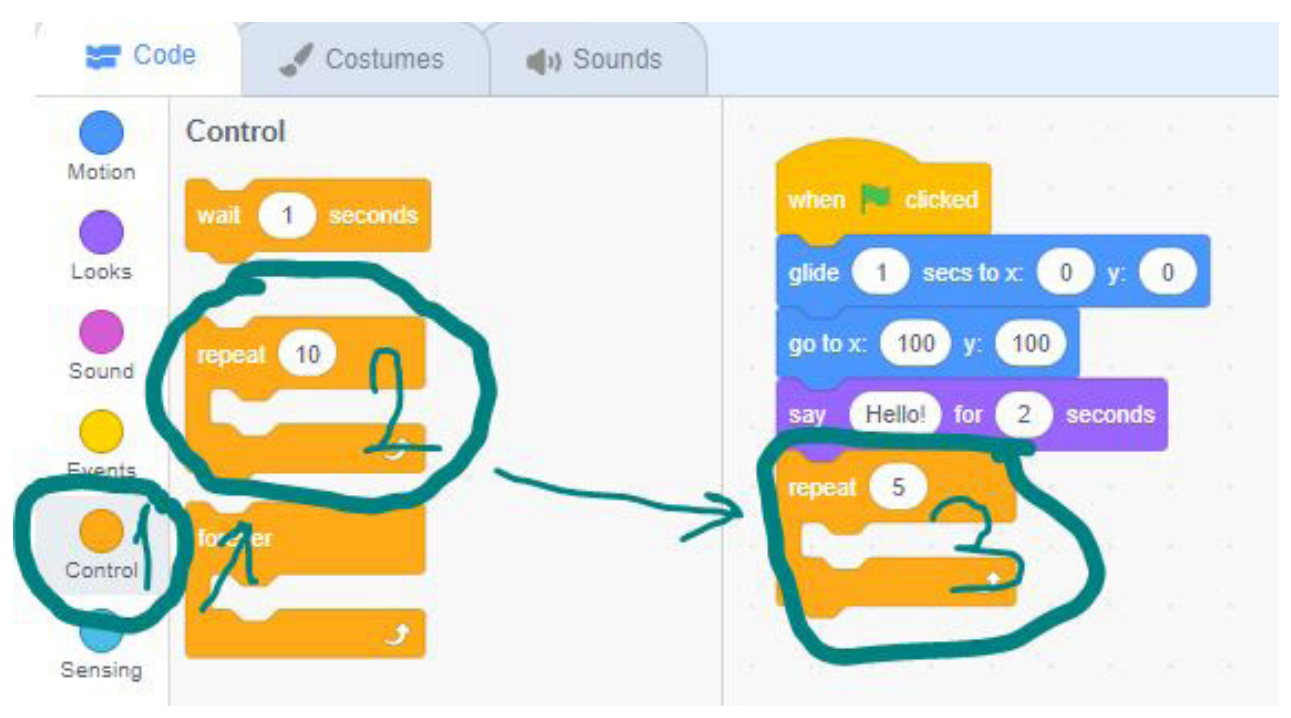

7

Tap on "Looks" block category, grab "say Hello! For 2 seconds" block, drag and drop it under "go to x: 100 y: 100" block.

8

Tap on "Control" block category, grab "repeat 10" block, drag and drop it under "say Hello! for 2 seconds" block, and change the value 10 to 5.

9

Tap on "Events" block category, grab "When this sprite is clicked" block, drag and drop it onto the scripting area.

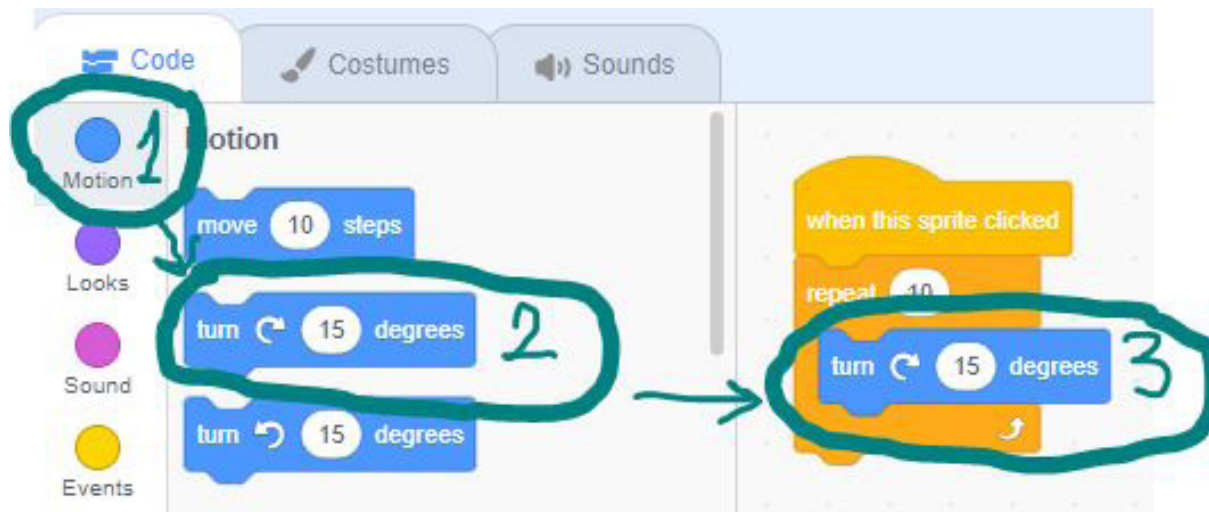

10

Tap on "Control" block category, grab "repeat 10" block, drag and drop it just under the "When this sprite is clicked" block.

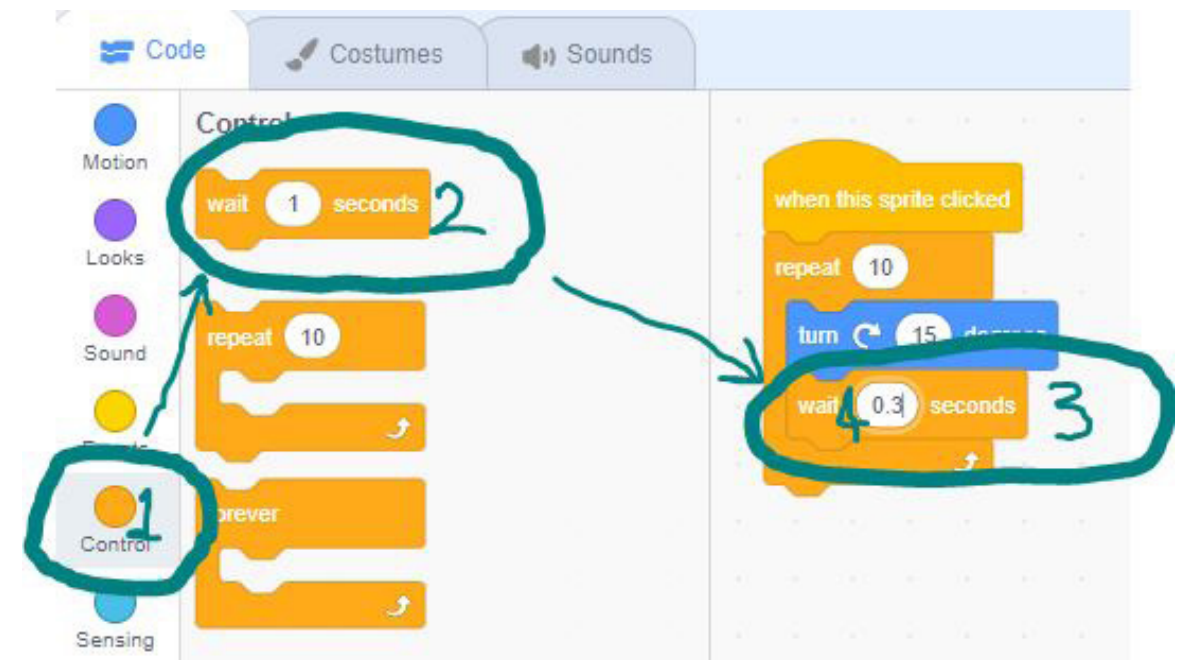

11

Tap on "Motion" block category, grab "turn 15 (clockwise) degrees" block, and drag and drop it just within "repeat 10" block.

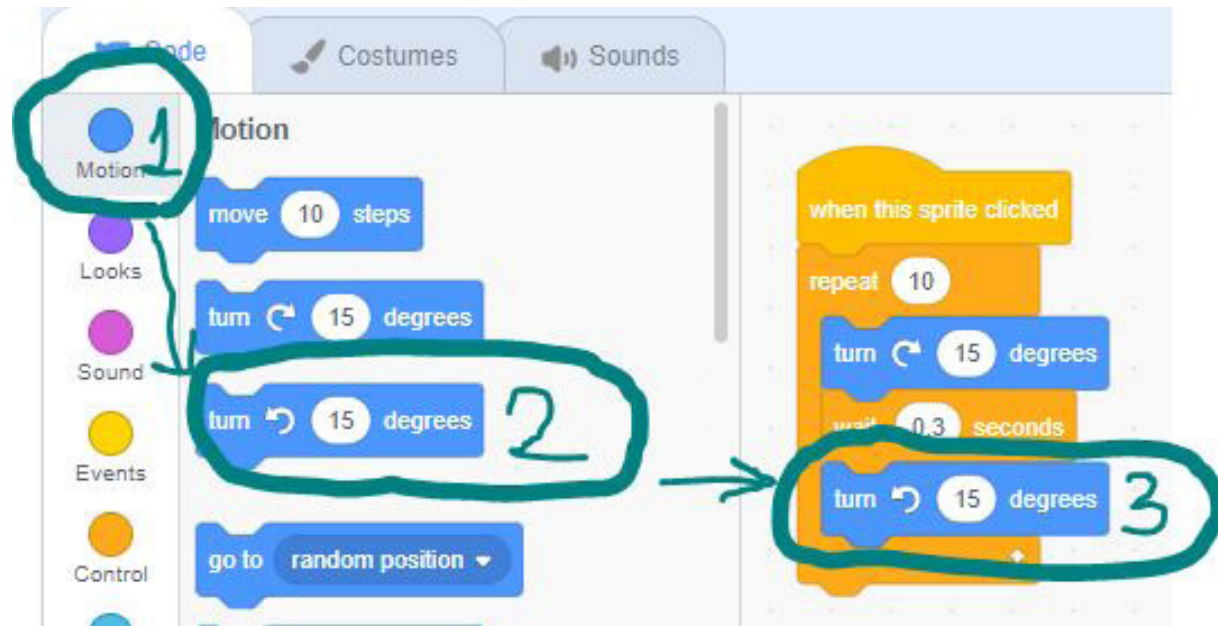

12

Tap on "Control" block category, grab "wait 1 seconds" block, and drag and drop it under turn 15 (clockwise) degrees" block within "repeat 10" block, and change the duration value to 0.3.

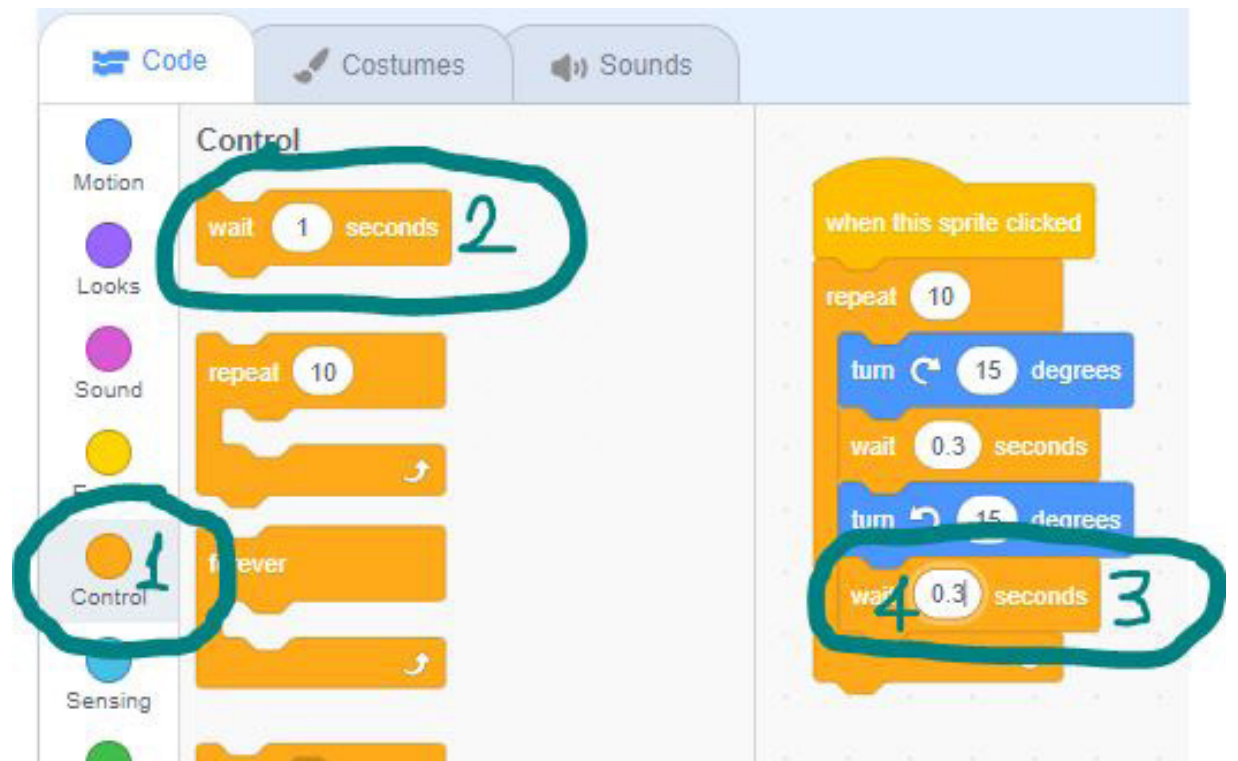

13

Tap on "Motion" block category, grab "turn 15 (anti-clockwise) degrees" block, and drag and drop it under "wait 0.5 seconds" block within "repeat 10" block.

14

Tap on "Control" block category, grab "wait 1 seconds" block, and drag and drop it under "turn 15 (anti-clockwise) degrees" block within "repeat 10" block, and change the duration value to 0.3.

15

Tap on “Motion” block category, grab “move 10 steps” block, and drag and drop it under “move 10 steps” block within “repeat 10” block.
